How to enter

On the day of your visit, please present a printout of the reservation email you received at the first floor reception desk or complete the form provided by the reception desk with your Visit Reservation Number and your name. You will then be issued a temporary security card. If you don't have a reservation, the entry procedure for ordinary visitors involves providing your name and the name of your host on a different form, as well as presenting some form of personal identification (a driver's license, for example). Please note that this process may be time-consuming.
